Special Observance Sexual Assault Awareness Month (1 - 30 April 2016)

"Eliminate Sexual Assault: Know Your Part. Do Your Part."

Sexual Assault Awareness Month (SAAM) is committed to raising awareness and promoting the prevention of sexual violence. SAAM provides organizations an annual opportunity to highlight Department of Defense (DoD) and Service policies addressing sexual assault prevention and response.

The 2015 Sexual Assault Awareness and Prevention Month (SAAPM) theme provides recommendations on what we all can do:

- **Eliminate Sexual Assault:** Every Service member, at every level in our military, must know, understand, and adhere to Service values and standards of behaviour in order to eliminate sexual assault, and other inappropriate behaviour.
- **Know Your Part:** Each member of our DoD community has a unique role in preventing and responding to sexual assault. We must recognize our part in stopping this crime starting with building our own awareness and knowing when and where to intervene.
- **Do Your Part:** We have to act. If we see a crime or inappropriate behaviour unfolding, we need to step in to prevent it. We each need to add our voice to the call to end this crime.

Sexual Assault is defined as intentional sexual contact characterized by the use of force, threats, intimidation, or abuse of authority, or when the victim does not or cannot consent.

Sexual assault includes a broad category of sexual offenses consisting of the following specific UCMJ offenses: rape, sexual assault, aggravated sexual contact, abusive sexual contact, forcible sodomy, or attempts to commit these offenses. It can occur without regard to the gender, spousal relationship, or age of the victim.

Special Observance
Holocaust Remembrance Day
 (5 May 2016)
 &
Days of Remembrance
 (1 – 8 May 2016)

"Learning from the Holocaust: Acts of Courage"

Each year, the United States Holocaust Memorial Museum leads the nation in commemorating Days of Remembrance. Days of Remembrance was established by the U.S. Congress to memorialize the six million Jews murdered in the Holocaust, as well as the millions of non-Jewish victims of Nazi persecution.

Parading the prisoners past townspeople, the SS yelled, *"Here are the Jews. Do to them what you will!"*

Millions of ordinary people witnessed the crimes of the Holocaust—in the countryside and city squares, in stores and schools, in homes and workplaces. Across Europe, the Nazis found countless helpers who willingly collaborated or were complicit in their crimes.

The victims had no control over, or choice in their fates.

The rescuers, on the other hand, made *choices*. They *chose* to risk their own and their families' lives, in an attempt to intervene and help rescue those being persecuted.

Emilie and Oskar Schindler

Emilie Schindler was essential to her husband Oskar's efforts to protect Jews during the Holocaust.

While Oskar was away, she encountered Nazis taking 250 starving Jews to a death camp. She convinced them that more Jews were needed at their factory, which already employed more than one thousand. She worked tirelessly to save them. As of 1994, there were over 6,000 descendants of the original 1,200 that the couple saved.

Asian American and Pacific Islander Heritage Month

(1 - 31 May 2016)

"Walk Together, Embrace Differences, Build Legacies."

Asian American and Pacific Islander Heritage Month is designated to commemorate and celebrate the many accomplishments and contributions of immigrant, refugee, and American born Asian-Americans and Pacific Islanders who through sacrifice, perseverance, education, government, and leadership have helped transform this country into the greatest and most benevolent nation in history. Early Asian Pacific-Americans worked long hours for little pay and were discriminated against just for being different. Today, Asian Pacific-Americans earn more, own more, and are better educated than all other American minorities (U.S. Census, 2007). It is through vision, sacrifice, and perseverance that Asian Pacific-Americans have accomplished so much since they first arrived in this land of opportunity in 1843.

Asian Americans:

Americans of Asian descent having origins in any of the Far East, Southeast Asia, or the Indian subcontinent, to include Chinese, Filipino, Indian, Vietnamese, Korean, and Japanese. According to the 2010 Census, Asian Americans comprise 5.6% (17,320,856) of the U.S. population and grew 46% faster than any other racial group between 2000 and 2010. Census projections expect the number to increase to more than 40 million by 2050.

Pacific Islander:

Americans who have ancestry in Polynesia (including Hawaii, American Samoa, New Zealand), Melanesia (including Fiji Island, New Guinea), and Micronesia (including Northern Mariana Islands, Guam, Marshall Islands, Palau). According to the 2010 Census, Pacific Islanders make up .40% (1,225,195) of the U.S. population and grew 40% faster than any other racial group between 2000 and 2010. Census projections expect the number to increase to more than 2.6 million by 2050.

Did you know?

Yin and yang is the symbol for balance. In Traditional Chinese Medicine, good health is believed to be achieved by a balance between yin and yang. Yin and yang are actually complementary, not opposing, forces, interacting to form a whole greater than either separate part; in effect, a dynamic system. Everything has both yin and yang aspects, (for instance shadow cannot exist without light).

Yang is the white side with the black dot on it, and **yin** is the black side with the white dot on it. The relationship between yin and yang is often described in terms of sunlight playing over a mountain and a valley. Yin (literally the 'shady place' or 'north slope') is the dark area occluded by the mountain's bulk, while yang (literally the 'sunny place' or 'south slope') is the brightly lit portion. As the sun moves across the sky, yin and yang gradually trade places with each other, revealing what was obscured and obscuring what was revealed

LGBT Pride Month

(1 - 30 June 2016)

"Celebration"

Lesbian, Gay, Bisexual and Transgender Pride Month commemorates the events of **June 1969** and works to achieve equal justice and equal opportunity for LGBT Americans. In June of 1969, patrons and supporters of the Stonewall Inn in New York City staged an uprising to resist the police harassment and persecution to which LGBT Americans were commonly subjected. This uprising marks the beginning of a movement to outlaw discriminatory laws and practices against LGBT Americans.

On **June 1, 2009**, President Obama issued Proclamation No. 8387 for Lesbian, Gay, Bisexual and Transgender Pride Month. In this proclamation the President pointed to the contributions made by LGBT Americans both in promoting equal rights to all regardless of sexual orientation or gender identity and in broader initiatives such as the response to the global HIV pandemic.

Designed by San Francisco artist Gilbert Baker in 1978, the rainbow flag is a symbol of LGBT pride and LGBT social movements. The colors reflect the diversity of the LGBT community, and the flag is often used as a symbol of gay pride in both the LGBT community and LGBT rights marches.

Baker served in the U.S. Army from 1970 to 1972 and was stationed in San Francisco at the beginning of the gay rights movement. After his honorable discharge from the military, he taught himself to sew.

The most common variant consists of six stripes, with the colors red (life), orange (healing), yellow (sunlight), green (nature), blue (serenity), and violet (spirit). The flag is commonly flown horizontally, with the red stripe on top, as it would be in a natural rainbow.

Dr. Frank E. Kameny fought for gay rights more than a decade before the Stonewall riots. He served in World War II, and later as a civil service astronomer with the U.S. Army Map Service.

Monthly EEO Training

What is DEOCS?

DEOCS is Defense Equal Opportunity Management Institute (DEOMI) Organizational Climate Survey (DEOCS)

The DEOCS is a commander's management tool that allows them to proactively assess critical organizational climate dimensions that can impact the organization's mission. This voluntary survey is designed to assess the "shared perceptions" of respondents about formal or informal policies and practices. The survey assesses 23 climate factors by posing questions that survey takers respond to using a four-point scale.

The questionnaire focus on four primary areas:

- 1) Military Equal Opportunity (EO)
- 2) Civilian Equal Employment Opportunity (EEO)
- 3) Organizational Effectiveness (OE)
- 4) Perceptions of Discrimination/Sexual Harassment and Sexual Assault Prevention & Response (SAPR)

The DEOCS is using the online version only. The survey takes about 25 minutes to complete, and provides multiple opportunities for respondents to enter their personalized comments. In order to generate a DEOCS report, a minimum of 16 assigned personnel must complete the survey.

A total of 15 sub-breakouts are allowed for larger organizations. This allows for a deeper level of analysis that can help determine if an organization is above average, average, or below their Service average.

Respondents' anonymity is protected when completing the online survey by using a computer-generated, untraceable password. In addition, no personally identifying information (PII) is collected.

The survey will not display group data unless at least five members of that demographic completes the survey, further protecting the anonymity of survey participants.

Commanders can add up to 10 locally-developed questions (LDQs) and five-short answer questions (SAQs) to their survey, helping them target specific areas of concern.
